

The Clorox Company of Canada A Subsidiary of The Clorox Company

July 24th, 2020

To Whom It May Concern

This letter is to confirm that the following disinfectants in Canada now have efficacy claims for hard surface disinfection against SARS-CoV-2 (the virus that causes COVID-19) reviewed and approved by Health Canada.

While marketed labels are being updated to reflect the approvals, all these disinfectants can make kill claims on SARS-CoV-2 as per the contact times listed below. DIN numbers & UPCs remain unchanged.

DIN #	Item #	Description	Contact Time
